Words by Anthony Drewe, Music by George Stiles

Just beyond the stars
Beyond that great black velvet curtain
No one knows for certain
What you'll find.
Just beyond the stars
Are countless mysteries to unravel
Journeys you can travel In your mind
Close your eyes and imagine
Close them tight and pretend
There's a place where prayers are answered
And your dreams never end
No, your dreams
Your dreams never end.
Just beyond the stars
Your flights of fancy will be soaring
Days are never boring
When you're there.
Just beyond the stars
The ending's happy ever after
Hear the children's laughter
Fill the air.
Close your eyes and imagine
Close them tight and pretend
There's a place where prayers are answered
And your dreams never end
No, your dreams
Your dreams never end.
Maybe we've already been there
Maybe we're not meant to know
Maybe we'll find in the future
It's somewhere we all have to go,
But it's nice to think
That knows no one knows for sure
Perhaps that's what
Beyond the stars if for.
Just beyond the stars
All fears and worries will desert you
Nobody can hurt you

When you fly.
Just beyond the stars
Where shadows never dare to wander
Somewhere way off yonder
In the sky.
Close your eyes and imagine
Close them tight and pretend
There's a place where prayers are answered
And your dreams never end
No, your dreams
Your Dreams never end
