Whistle down the wind
Let your voices carry
Drown out all the rain
Light a patch of darkness treacherous and scary.

Howl at the stars
Whisper when you're sleeping.
I'll be there to hold you
I'll be there to stop the chills and all the weeping.

Make it clear and strong
So the whole the night long
Every signal that you send until the very end

I will not abandon you, my precious friend.
So try and stem the tide
Then you'll raise a banner,

Send a flare up in the sky
Try to burn a torch and try to build a bonfire.
Every signal that you send until the very end I'm there.
So whistle down the wind for I have always been right
here.

Make it clear and strong, so the whole the night long
Every signal that you send until the very end

I will not abandon you, my precious friend.

So try and stem the tide
Then you'll raise a banner
Send a flare up in the sky
Try to burn a torch and try to build a bonfire.

Every signal that you send until the very end
I'm there.
So whistle down the wind for I have always been right
here.
