There not anything I would not do to ease your troubled
mindWhere you are , there is a different feelingI wake
up , I?m on the ceilin? , opens up your eyesWhat a
shape ! someone you can?t forget for any timeOh , let
me show you mine , immediatelyAfter dark where the
lights start fading sweet and lowI wanna be there , I
wanna be thereWe leave immediatelyAfter dark where
the lights start fading sweet and lowI wanna be there , I
wanna be thereWe leave immediatelyAfter darkThere
is no limit that I would not golf I could lie besideWhere
you are , there is a different out thereLove in the jungle
can be hard to realizeWhat a shape ! someone you
can?t forget for any timeOh , let me show you mine
immediatelyAfter dark where the lights are fading
sweet and lowI wanna be there , I wanna be thereWe
leave immediatelyAfter dark where the lights are
fading sweet and lowI wanna be there , I wanna be
thereWe leave immediatelyAfter dark(break)There is
not anything I would not do to ease your troubled
mindWhere you are , there is a different feelingI wake
up , I?m on the ceilin? , opens up your eyesWhat a
shape ! someone you can?t forget for any timeOh , let
me show you mine immediatelyAfter dark where the
lights start fading sweet and lowI wanna be there , I
wanna be thereWe leave immediatelyAfter dark where
the lights start fading sweet and lowI wanna be there , I
wanna be thereWe leave immediatelyAfter dark(repeat
last verse and fade out)
