Fully doubtful time will wash the pain away
Still bored and without very much to say
Tonight the show was fine but could have been better
Seems like the crowd is laughing at our backs
It's ok but please give me some caffeine
It's ok but I need another beer
You can go fuckin anywhere
Just remember to call when you're there

No point in rubbing eyes
It came down as no surprise
I'm a dummy and I'm lazy as my cat
This place is such a mess
It's totally fucked up
I'm giving up just wasting time

Stay up looking at porn all night long
Go to bed and wake up at 4 p.m.
Then get inside a van and drive all day
To play for seven people under stage
Then fade away

Don't blame it on the world
That's something I have learned
Anybody else could do better than that
Tonight we'll sleep outside
We'll let it all pass by
I couldn't ask for nothing

More conversations to survive
The pain just makes me feel alive
It's wet and hot but I don't care
I'll just lay down and stare

No point in rubbing eyes
It came down as no surprise
I'm a dummy and I'm lazy as my cat
This place is such a mess
It's totally fucked up
I'm giving up just wasting time

I'm wasting time

I'm wasting time
