Look at me , I don't know what I'm doin?Ever since I  
looked at youHow did I get this crazy feelin?Could it be  
, I'm in love with youEver since I saw you in the  
moonlightI've had this feeling through and  
throughSince that time , I haven't done a thing  
rightCould it be , I'm in love with youGolly gee , I don't  
know where I'm goin?I'm tryin? to make you seeOh  
boy, I got to make her fall in love with me , ohNight  
after night , I'm always dreamin?Why don't you make  
those dreams come trueCan?t you see how much I  
really love youWhy don't you learn to love me  
too(break)Golly gee , I don't know where I'm goin?I'm  
tryin? to make you seeOh boy, I got to make her fall in  
love with meNight after night , I'm always dreamin?  
Why don't you make those dreams come trueCan?t  
you see how much I really love youWhy don't you learn  
to love me tooLove me tooLove me too
