Remember that time I used to do what no one else had  
done  
That ruined my holiday in the sun  
Trying to impress you was always on my list set in first  
place  
It was cool of you to never laugh in my face  
Smile in a dumb way and give you all the flyers of my  
shows  
This happened quite a few times in a row  
Kind of pathetic I hoped you would eventually show up  
While staring at my image in a cup

How could this girl screw up my life?  
But it's ok not that bad  
It's like the best times I the best times I never had

That's just the way things go so dry  
Your runny nose good luck for everything so once  
again  
Stay home and do nothing put stickers on your bed  
Good luck for everything

Remember those days when we stole action figures at  
the mall  
It seemed like we had no problems at all  
Riding our bikes out and laughing just at anything we  
could  
While listening to all our favourite songs  
We didn't have regrets for anything we did or said  
There's nothing better than a friend to make those gray  
days pass  
By quickly tomorrows just weren't on our minds too  
busy finding snack  
Supplies I guess I'd do it all again I guess I'd do it all  
again

But now those days are passed and gone  
At least I can look back  
Those where the best times I the best times I've ever  
had

How long will I march inside this parade

Another year another day  
I did my service but I didn't get payed  
I won't complain... I won't complain

Good luck for everything
