Visit "[Long Some Distance](#)" on [MotoLyrics.com](https://MotoLyrics.com)

You just can't tell  
When I'm looking for more  
You just can't tell  
When you looked up for sure

You're agile  
Time getting smaller by the second  
Minutes grow into hours  
They really do

So fragile  
Like a flower in the wind  
You might brake it's so much to take  
For you

You just can't tell  
When I'm looking for more  
You just can't tell  
When you looked up for sure  
(X2)

Imagine  
Wind touching you like an angel  
When you start your own  
So on your own

So fragile  
Like a snowflake in the sky  
You might melt  
When you touch the ground

You just can't tell  
When I'm looking for more  
You just can't tell  
When you looked up for sure  
(X2)
