I've discovered for myself this time  
The start of everything to me  
Is to know our love is older than the sea  
But don't let another flame inside  
Your fire-proof heart  
'Cause I'm not your full-time lover  
And it's tearing me apart  
I've been hangin' on this line too long

855-7019

Don't you ever answer

855-7019

Don't you hear the word

Search for a sign , baby

She was the past and the future

I just got burned

855-7019

Is a private number

I know in your mind that you think

It's a crime, but I had to call

First and last , there will

Never be a past or a future

If you kill my phone

Baby lifts her eyes

And I'm a slave to all the lies

And I'm forever lost

I believe in you and me

Together and it keeps this love alive

855-7019

Don't you ever answer

855-7019

Don't you hear the word

Search for the sign , baby

She was the past and the future

I just got burned

I have suffered for my sins today

With the pain of love

Before the dawning comes

The darker is the night

I'm born to be the one to share your life  
That shows I don't need no operator  
I don't want no one to know  
How much I need you

855-7019  
Don't you ever answer  
I know in your mind that you think  
It's a crime , but I had to call  
First and the last , there will  
Never be a past or a future  
If you kill my phone

Baby lifts her eyes and I'm a slave to all the lies  
And I'm forever lost  
I believe in you and me together  
And it keeps this love alive
