Sitting here , all alone  
Wondering what to do  
Life went faster than the time  
I had to achieve the things I had in mind

Their disguise , I see with my eyes  
Many things I should have realized  
A long time ago , long long time ago

Never changing , ever aging  
It drags from day to day  
I wish that I had found myself  
Before it robbed me of the time

Oh no , oh no  
I should have realized  
A long long time ago  
A long time ago  
A long time ago

(break)

Seeing things , open doors

People invited me into  
Oh they were so good to me  
And always helped me on my way

Then I woke from this dream  
Known that I should have realized  
A long time ago  
Long long time ago

Another day , another way  
I don't care what people say  
No , I realize that there's no other way for me

Suppose I'll just have to live from day to day  
Oh no , oh no  
I should have realized  
A long long time ago  
A long time ago

A long time ago
