Verse 1

Sooner or later
Right in the prime of life
Heartaches and sadness
Lost in the madness
Cuts just like a knife

Release 1

Dead or alive
I will fight to survive
And the night is still young
'cos I know, tomorrow I'll be

Chorus

Breaking in a brand new heart
But it's hard when you are not around
Precious time to stop and start
And it's hard the second time around

Verse 2

Questions and answers
What can the future bring
Take it or leave it
Better believe it
Love where is your sting

Release 2

Paying the price
Of the pressure inside
And tonight I will run
'cos I know , tomorrow I'll be

Chorus

Break
