You took a mystery and made me want it
You got a pedestal and put me on it
You made me love you out of feeling nothing
Something that you do

And I was there and not dancing with anyone
You took a little, then you took me over
You set your mark on stealing my heart away
Crying, trying, anything for you

I'm in the middle of a chain reaction
You give me all the after midnight action
I wanna get you where I can let you
Make all that love to me
I'm on a journey for the inspiration

To anywhere and there ain't no salvation
I need you to get me nearer to you
So you can set me free
We talk about love, love, love
We talk about love
We talk about love, love, love
We talk about love

You make me tremble when your hand moves lower
You taste a little and you swallow slower
Nature has a way of yielding treasure
Pleasure made for you, oh

You gotta plan, your future is on the run
Shine a light for the whole world over
You never find your love if you hide away
Crying, dying, all you gotta do is

Get in the middle of a chain reaction
You get a medal when you're lost in action
I wanna get your love all ready
For the sweet sensation
Instant radiation

You let me hold you for the first explosion
We get a picture of our love in motion

My arms will cover, my lips will smother you
With no more left to say

We talk about love, love, love
We talk about love
You let me hold you for the first explosion
My arms will cover, my lips will smother you

All you gotta do is get
In the middle of a chain reaction
You get a medal when you're lost in action
I wanna get your love all ready
For the chain reaction
