Here is today, I'm feelin' blue
It's Saturday night, I'm waiting for you
You said you'd come 'round at eight-thirty four
With some other guy you pass by my door
I thought you were good, I felt you were real
A special kind of girl

So I walk down the street, into the town
I'm followin' you and ya' new love around
You said to go back to where I belong
She didn't care and I was so wrong
Forever I know I will never let go
'Til she's mine, mine

Baby, believe what you like
Don't stop the night
Baby, believe what you like
Don't stop the night

Make up my mind, I'm gonna be strong
Don't wanna look sad if she comes along
She may be with him but I'll play along
I've waited all year, the night is so young
Love is like a miracle, a distant shining light
So many days I would hope and pray
She was mine, mine

Baby, believe what you like
Don't stop the night
Baby, believe what you like
Don't stop the night

Baby, you said you'd never go
And now, you don't wanna know
Baby, you know just what you found
Someone who's only hangin' 'round

Baby, believe what you like
Don't stop the night
Baby, believe what you like
Don't stop the night

Baby, I know that you don't
You'd never leave
