Don't need anybody, I don't need anyone
Take it nice and easy mama, chicken on the run
And I don't care, I'd show my body anywhere

Ain't no big city winner's gonna pass my buck anywhere
Ain't no four leaf clover's gonna settle my luck and I
don't care

Go down to the courthouse and I've been on display
Don't you think that I don't know it ain't been a perfect
day
But I don't care, I'd sell my body anywhere

In the name of creation, I can't find an explanation
anywhere
Ain't no easy rider gonna settle my luck and I don't
care

Down, down the road, up the road
Down, down the road, up the road

Been rejuvenated to the highest degree
Ain't no words describing what this feeling's done to
me
And I don't care, I'd show my feelings anywhere

Ain't no heavy Mister Leather's gonna paddle my butt
anywhere
Ain't no four leaf clover's gonna settle my luck and I
don't care

Down, down the road, up the road
Down, down the road, up the road

Down, down the road, up the road
Down, down the road, up the road
