I never knew until tonight of the danger
That any man could lose his life to a stranger
Catch me when I am falling

I've been burned by the fire before
And girl , I tell you no lies
I don't wanna feel the pain anymore

But I need you tonight
All of my trouble, my torture and tears
It's over for now, gone with the wind

But I need you tonight
So afraid of the past that you made me tonight
Gone, it's gone with the wind

I know that once upon a time, I'd surrender
And lovin' you was twice as nice but not forever
And I got too much emotion

And then love has just cut like a knife
And you know, it tears me apart
'Cause I don't wanna feel the pain anymore

But I need you tonight
All of my trouble, my torture and tears
It's over for now, gone with the wind

But I need you tonight
So afraid of the past that you made me tonight
Gone, it's gone

I tell you no lies
I don't wanna be alone anymore
But I need you tonight

All of my problems, my torture and tears
Gone with the wind
(You know, I need you tonight)

But I need you tonight
All of my sorrows are fading and gone with the wind

You know, I need you tonight
All of my trouble, my torture and tears
It's over for now, gone with the wind

But I need you tonight
So afraid of the past that you made me tonight
Gone, it's gone with the wind
