Night grows cold
I've been lonely so much
Out of reach
Save it only for me
Nothing in life is the same
And the sooner we stop to start

And there's a heart like mine
Somewhere in this world
There's a heart like mine
Beating but left to burn

Maybe you can hide your face forever
God knows it's true
That when you search for someone
There's a heart like mine
There's a heart like mine
To be heard

Souls on fire
Feel her voice in your ear
She goes on
Living only for me
Nothing you say could be wrong
'Cause you give me the lovers sign

And there's a heart like mine
Somewhere in this world
There's a heart like mine
Beating but left to burn

Maybe we can share it all forever
But not 'til we do
I'm gonna search for someone
There's a heart like mine
There's a heart like mine
To be heard

And baby are we waking up together
'Cause God knows it's you
If there is love for someone

And there's a heart like mine
Somewhere in this world
There's a heart like mine
Beating but left to burn

Maybe we can share it all forever
But not 'til we do
I'm gonna search for someone

There's a heart like mine
There's a heart like mine

To be heard

There's a heart like mine
There's a heart like mine
