Ah, ah, ah, ah

I was a lover, a leader of me

All of the women I knew were my friends

I was so happy, my feet on the ground

I didn't know I was on the way down

'Cause you don't feel the same

It's only a game, it's only a game, it's only a game

Ah, ah, ah, ah

I had a billion or two in the bank

I gave to charity, ain't got no thanks

You gave me all that a woman could give

Less you're affection, I don't want to live

'Cause you don't feel the same

It's only a game, it's only a game, it's only a game

'Cause you don't feel the same

I was a lover, a leader of me

All of the women I knew were my friends

I was so happy, my feet on the ground

I didn't know, I was on the way down

'Cause you don't feel the same

It's only a game, it's only a game, it's only a game

Ah, ah, ah, ah, ah
