Is this your voice I heard
Speaking my name? I hang on every word
Each letter that I write, every day, every night
But I just can't live and learn

Talking to myself and believing I could live without you
Living on the lies and believing that love would stay
Listen to me please and I'm begging on my knees
before you
But you don't show the way, no, you don't show the way

He may change your world and someday he may break
your heart
And you deserve no better if you love him I will step
aside
I offer this to you so leave me as I love you still
And if he don't keep you warm
You know I will, you know

So this is who you are
And the rest of my life I dedicate to you
And I know that love can't wait
There's a moon and a sun and a dream that sees me
through, ooh

A little bit of change and a little bit of my desire
I was shaking all over and I didn't know what to say
I'm the man in the middle and the middle man catches
fire
Baby go away, oh baby, go, baby, go away

He became your hero somehow, I become your clown
And you deserve no better if you love him, I will step
aside
I offer this to you so leave me as I love you still
And if he don't take your heart, if he don't take your
heart
You know I will

It ain't wise, it ain't smart
You say there's no doubt about it
If you decide you got somebody else

When I want you to myself
I can't stop, I can't look
I can't say no more about it
But my love will go on
Just as long as the river flows

Suddenly someone is crying
Who knows what tomorrow brings, so

He may change your world and someday he may break
your heart
And you deserve no better, if you love him I will step
aside
I offer this to you, so leave me as I love you still, love
you still
And if he don't take your heart, he don't take your heart
He don't take your heart, you know I will
Ooh and I will take it anyway

It ain't wise, it ain't smart
You say there's no doubt about it
If you decide you got somebody else
When I want you to myself
I can't stop, I can't look
I can't say no more about it
But my love will go on
Just as long as the river flows

It ain't wise, it ain't smart
You say there's no doubt about it
If you decide you got somebody else
When I want you to myself
I can't stop, I can't look
I can't say no more about it
But my love will go on
Just as long as the river flows

It ain't wise, it ain't smart
You say there's no doubt about it
If you decide you got somebody else
When I want you to myself
