Hello angel, do you know me? I'm you man  
Would that be harder for your head to understand?  
I've been lookin' forward to this day for so, so long  
Could lovin' you be so, so wrong?

It doesn't matter much to me  
Baby, I've been hurt before  
Don't you ask me why I'm here  
Back and knockin' at your door

Do you remember, do you remember all the nights  
And all the love we went through?  
Well, you know, baby, I thought you had some left over  
I thought I mean that much to you

It doesn't matter much to me  
Oh baby, I've been hurt before  
Don't you ask me why I'm here  
Back and knockin' at your door

Now open up your arms and take me  
Make me love you till I die  
You wouldn't have me when I was a young man  
But tonight I'm gonna try

It doesn't matter much to me  
Oh, baby, I've been hurt before  
So, don't you ask me why I'm here  
Ohh, back and knockin' at your door

[Incomprehensible]
