Another lonely monday morning and I don't want to  
face the world outside

No control

You got someone there to make you smile

But I cry alone

Givin' those secret feeling

You never cooperate , share your love with me

I try in vain to seize your heart

Please don't keep me waiting for that sign

Give me one good reason why you say goodnight and  
mean goodbye

Please let me

Let me wake up in your arms

Let me go down in your dreams

There is so much we can do before tomorrow and what  
tomorrow means

I want to get close to you

Every single word I swear is true

On bended knees,i beg you

Let me wake up in your arms

It's gotta be now or never that heaven in your eyes

You touch me hand and I just die

If you got no one there to see you through , I'm  
standing by

I give you my secret feelings

Another lonely monday morning and I don't want to  
face the truth inside

'cause you're not mine

Maybe I've been reachin' far too high

I may be somebody you don't know

But I won't let you forget me , let me

Let me wake up in your arms

Let me go down in your dreams

There is so much we can do before tomorrow and what  
tomorrow means

Baby I want to get close to you

Every single word I swear is true  
On bended knees I beg you  
Let me wake up in your arms

I won't let you forget me  
Let me , let me , let me

Let me wake up in your arms  
Let me go down in your dreams  
There is so much we can do before tomorrow and what  
tomorrow means  
Baby I want to get close to you  
Every single word I swear is true  
On bended knees , I beg you  
Let me wake up in your arms

Nobody wants to sleep alone
