"Live or Die"

Take one breath, one fundamental sign of life
Don't look back, don't analyze the tears you've cry
Only the strong survive, the silent sacrifice
And I, I will be your heart of steel but power has a price

Ain't it time that you believe in someone
Ain't it wrong to let the years go by
Standing face to face forever, live or die

Hold me like a child, I'm not alive until you do
What you hold in your hand is a miracle
And it's dead if I don't have you

Hold me like a child, swear you'll never let me go
You're the eye of the storm, the reason I laugh or cry
Live or die, I will stay with you

Take one breath, one fundamental sign of life
No bad blood, no pain can make you draw the knife
No, we got a world of trouble but I will never change
And even if we fall tomorrow, we will rise again

Now is the time we show each other
These are the words I kept inside
Standing face to face forever, live of die

Hold me like a child, I'm not alive until you do
What you hold in your hand is a miracle
And it's dead if I don't have you

Hold me like a child, swear you'll never let me go
You're the eye of the storm, the reason I laugh or cry
Live or die, I will stay with you, live or die, I will stay with
you

Take one breath, one fundamental sign of life
Don't look back, we love each other live or die
Hold me like a child, I'm not alive until you do
Live or die, I will stay with you

Take one breath, one fundamental sign of life
(Hold me like a child)

Don't look back, we love each other live or die
(Hold me like a child, hold me like a child)

Take one breath, one fundamental sign of life
(Hold me)

Don't look back, we love each other live or die
(Hold me like a child)

Take one breath, one fundamental sign of life
(Hold me)

Don't look back, we love each other live or die
(Hold me like a child, hold me like a child)

Take one breath, one fundamental sign of life
(Hold me)

Don't look back, we love each other live or die
