You gotta work a little harder
than the next guy
Be a little smarter
If you wanna survive
You gotta move a little faster
Than the last time
Know just what you're after
And never look behind

(chorus)

You gotta look out for number one
Set your sights on the stars and the sun
Look out for number one
You gotta push a little harder, push a little harder
Yeeeeeah Yeah

You gotta stand a little closer to the fire
Give a little more if you wanna get higher
Fly just like an arrow
Don't you ever lose sight
You gotta walk straigh and narrow
Every day and every Night

(chorus)

You gotta look out for number one
Set your sights on the stars and the sun
Look out for number one
You gotta push a little harder, push a little harder
Yeah, yeah, yeah, yeee yeeeeah

You gotta work a little harder
be a little smarter
move a little faster
Know just what you're after

(chorus)

You gotta look out for number one
Set your sights on the stars and the sun
Look out for number one
You gotta push a little harder, push a little harder
Yeah, yeah, yeah, yeee yeeeeah

You gotta look out for number one
Push a little harder
Push a little harder
Be a little smarter
Oh Yeah!
