Walk away,  
or should i stay with that moody girl,  
she will try,  
to pull you into her moody world,

She's down on love,  
and never looks up at all to even smile,  
and when she falls,  
theres no one to call and she gives up, oh no,

It's been to long,  
I feel it strong for that moody girl,  
after all,  
empty hearts are the fools of love,

She's down on love,  
and never looks up at all to even smile,  
and when she falls,  
theres no one to call and she gives up,

Moody girl, tonight,  
I'll be there for you,  
moody girl, please stay,  
and fill my lonely world,

She's down on love,  
and never looks up at all to even smile,  
and when she falls,  
theres no one to call and she gives up,

Moody girl, tonight,  
I'll be there for you,  
moody girl, please stay,  
and fill my lonely world,

No more moody girl,  
my moody girl,  
I'll be there for you,  
your my moody girl,  
my moody girl,  
I'll be there for you,

my moody girl,  
I'll be there for you.....
