We set the same scene
Circumstances different than they might have been
People in two places can be pulled into a scheme
Never what you're fighting for

Life alone, lose a lovers arms
Never makes it easy when you try too hard
I wish you would define what you feel
Hard on or letting go

I'm the omega man, stand tall and understand
Everybody needs a plan, mine is a better way
There'll be trouble in the world, sex and the single girl
I'm an over-eager man, find me a better way, find me a
better way

We share the same pain
Underneath the covers I will set you free
I will prove to you my love is older than the sky
Stronger than the night is long

Lord of hearts, leader of us all
Let it be together if we rise or fall
Or is it just my imagination
Or the light of a precious stone
You'll never be alone

I'm the omega man, I travel over land
Everybody needs a plan, find me a better way
There'll be trouble in the world, sex and the single girl
I'm an over-eager man, find me a better way, find me a
better way
Here at the scene of the crime
Laid in your arms I will die
But I know it's more than infatuation
That's keeping this man alive

I'm the omega man, stand tall and understand
Everybody needs a plan, mine is a better way
There'll be trouble in the world, sex and the single girl
I'm an over-eager man, find me a better way, find me a
better way

I'm the omega man, I travel over land
Everybody needs a plan, find me a better way
There'll be trouble in the world, sex and the single girl
I'm an over-eager man, find me a better way, find me a
better way

I'm the omega man, stand tall and understand
Everybody needs a plan, mine is a better way
There'll be trouble in the world, sex and the single girl
I'm an over-eager man, find me a better way, find me a
better way

I'm the omega man, I travel over land
Everybody needs a plan, find me a better way
There'll be trouble in the world, sex and the single girl
I'm an over-eager man, find me a better way, find me a
better way
I'm the omega man, stand tall and understand
