#### Verse 1

Sunday mornin' , it's a quarter to five  
You keep on talkin' like your love is a prize  
Bird in flight , spreadin' her wings  
Sittin' pretty in a city of sin

#### Release 1

I don't mind , adventure with a stranger  
Trouble deep at the scene of the crime  
Testify , that I'm not superstitious  
It's tough enough , to find out why you

#### Chorus

Radiate ... you bait your love with money  
Celebrate ... a body to behold  
Generate ... a state of wild emotion  
Don't waste your money , my love is not for sale

#### Verse 2

Funny faces in the shadows of night  
Pain and pleasure is your only disguise  
Radiate , your fate's on the fire  
Stay awake , love is a lie

#### Release 2

In the street , life is your creation  
Trouble deep if you wake up on your own  
I'm a slave to sweet investigation  
It's tough enough to find out why you

#### Chorus

#### Break

#### Chorus 3 times to fade
