If your heart tells you so that you should leave me
Don't try to forget, you and I never met
And before you fly, one kiss should tell me why
You've forgotten all the words that you once said

Long as I've got you there beside me
As long as you're there to stand and guide me
The love we share, no one can ever tear apart

Long as I've got this life, I'm living
Long as it's you, the love I'm with
Then, I'll keep on calling you sweetheart

If my love for you can't make you happy
Just open the door and you won't see me anymore

And before you fly, one kiss should tell me why
You've forgotten all the words that you once said
When you said

Long as I've got you there beside me
Long as you're there to stand and guide me
The love we share, no one could ever tear apart

Long as I've got this life I'm living
Long as it's you, the love I'm with
Then I'll keep on calling you sweetheart
And I'll keep on calling you sweetheart
