Before I heard your voice I never heard a sound like
that before I wanna hear it more and more
Take me to heaven
My love is stronger than the wall
I'll climb it till I
fell so I can hear you call your love
I'd be the greatest
man in the world
'cause I can say I got the greatest
girl
I'd be the greatest man in the world
'cause I can
say I got the greatest girl
Before I saw your face I never
say a dream like that before I wanna see it more and
more
Take me to heaven
My love is stronger than the
wall
I'll climb it till I fall so I can hear you call your
love
Be the greatest man in the world
'cause I can say
I've got the greatest girl
Be the greatest man in the
world
'cause I can say I got the greatest girl, the
greatest girl
Be the greatest man in the world (repeat
line and fade out)
