We're the Bunburys
You're a Bunbury too
When you're living in a world of Bunburys
Tears don't fall and dreams come true
When you're a Bunbury
Fly the Bunbury way
Everybody want to be a Bunbury
Don't delay , don't delay
The test of your life
Fly away , fly , fly away
Everybody wants to be a Bunbury
Don't delay , don't delay

You can dream
You can dream about your island paradise
There have been
So many dreams for you
Ain't that nice but you can't go
You can send your mother to say hello
To the blue sky and the blue sea
To see those palm trees swaying
All those starry nights
All those sunny days
And you can hear them singing
Their voices ringing across the bay

We're the Bunburys
You're a Bunbury too
Everybody wants to be a Bunbury
To make all your dreams come true
For the rest of your life
Fly away , fly , fly away
Everybody wants to be a Bunbury
Don't delay , don't delay

We are one
We complete our mission well
We've gotta be a team
On a life crusade
'Cos you never can tell
When somebody needs your help

What a place of wonder
That the world can be
For the young girls and the young boys
I still can hear those palm trees swaying
All those starry nights
All those sunny days
And you can hear them singing
Their voices ringing across the bay

Join us , rest of your life , everybody
Join us , everybody , everybody
Join us , rest of your life , everybody
Join us , everybody , everybody
Everybody want to be a Bunbury
To make all your dreams come true

You're a Bunbury
I'm a Bunbury too
Everybody wants to be a Bunbury
To make all your dreams come true
For the rest of your life
Fly away (We're the Bunburys) Fly , fly away (You're a
Bunbury too) Fly away
