Tell me if dreams do come true
If so then I know that I'm losing you
And you know the address where we live
But I swear there'll be no turning back to you I won't
forgive

When do I and when do I know if there's an answer why
I wonder if I know where I fit in
How do I and how do I stop myself from gonna cry
I wonder if I know where I fit in

Tell me if dreams do come true
If so then I know that I'm losing yo
And you know the address where we live
But I swear there'll be no turning back to you I won't
forgive

When do I and when do I know if there's an answer why
I wonder if I know where I fit in
And how do I and how do I stop myself from gonna cry
I wonder if I know where I fit in

And when do I and when do I, when do I
When do I know if I fit in
