"Why"

There is a chance I could be losing you
Gotta let my love surround you
Can't go down without a fight
And I won't hurt you girl, I promise you
It's the pain , I'm living for you
It's a broken dream but I still adore you
Why , why ,when the feelings gone
(you can't explain, we live in sun, we live in rain)

Free me or leave me
I will always forgive you
For you are my moments and you are my hours
Forever I live you
Love me or lose me
You will be my desire
There ain't nobody taking this heart that you're
breaking
And no one can take me no higher

There is a reason why this world is round
There's a fire all around you
I'm just following the light
I'll never be the one to make you cry
It's the tears I'm crying for you
I'm a broken man but I still adore you
Why , why when the women's gone

(you can't explain, we live in sun, we live in rain)

Free me or leave me
I will always forgive you
For you are my moments and you are my hours
Forever I live you
Love me or lose me
You will be my desire
There ain't nobody taking this heart that you're
breaking
And no one can take me much higher

Free me or leave me
I will always forgive you
For you are my moments and you are my hours

Forever I live you
Love me or lose me
You will be my desire
There ain't nobody taking this heart that you're
breaking
And no one can take me much higher

Free me or leave me..... (fade out this verse)
