What a maniac day it came with no solutions
Are we shadowboxing in the rain
My girlfriend and me were sittin' on the pavement
Oh my make-up's running down the drain
I heard the news, i think it's big enough for two
Angel, can you tell, i'd like to get to know you well

*repeat

All her friends are fake, hey that's no polution
Are we verging on insanity, have you heard today
Everybody's got a solution, I'm just shadowboxing in
the rain
I've heard the news, they think it's big enough for two
Angel, can you tell, I think I'd like to get to know you
well

All our friends are going insane, but there's no need to
throw it away
Don't throw it away
Everybody's going insane, but there's no need to throw
it away
Don't throw it away

(Hey man, get your body down, get your body down,
get your body down)
(Hey man, get your body down, get your body down,
get your body down)
(Hey man, get your body down, get your body down,
get your body down)
(Hey man, get your body down, get your body down,
get your body down)
(Get your body down, get down)
(Hey man, get your body down, get your body down,
get your body down)
(Everybody's going insane)
