Spaceman

I always wanted you to go into space, man  
(Intergalactic Christ)

Spaceman

I always wanted you to go into space, man  
(Intergalactic Christ)

Pungent smells

They consummate my home  
Beyond the black horizon  
Trying to take control

See my girl

She shivers in her bones  
The sun and zenith risin'  
Trying to take us all

There's a fire between us

So where is your God?  
There's a fire between us  
I can't get off the carousel

I can't get off the carousel

I can't get off the carousel  
I can't get off this world

The sickening taste of homophobic jokes

Images of fascist folks  
Beam me up 'cause I can't breathe

Spaceman

I always wanted you to go into space, man  
Intergalactic Christ

It's time to terminate

The great white world  
Morbid fascinations  
Television takes control

Decimation

Different races fall

Electronic information  
Tampers with your soul

There's a fire between us  
So where is your God?  
There's a fire between us  
I can't get off the carousel

I can't get off the carousel  
I can't get off the carousel  
I can't get of this world

The sickening taste of homophobic jokes  
Images of fascist folks  
Beam me up 'cause I can't breathe

Spaceman  
I always wanted you to go into space, man
