(This songs called Crash, You guys might know it)

So here we are after miles apart  
And days alone  
I thought you could know that I should  
Never be alone

So tell me what you want me to be  
(so I won't be myself)  
Cause everything that's wrong with me  
(has effected me to sell)  
I don't know where I am but I won't  
(I'll crash into a wall)

(You guys are awesome)

In order for you to see  
You have to know it's not me  
Visions gray it's the time  
Grasping life hold on mine  
It's already for another (tell the truth)  
I'm not singing cause I love her (make me bleed)  
Well I'm wrong and you're right  
We're dead we're not leaving here tonight

So tell me what you want me to be  
(so I won't be myself)  
Cause everything that's wrong with me  
(has effected me to sell)  
I don't know where I am but I won't  
(I'll crash into)

Wait for words to say to me  
Cause everything I've said has been wrong (so damn wrong)  
And times may break and change  
But I can't take the presence of you're voice away

(Make some noise you guys)

You're voice away

My eyes from rose to red  
When I see another face  
I can't stop crying

My eyes rose from red  
When I see your face

And we'll crash into a wall  
And we'll crash into a wall  
And we'll crash into a wall  
And we'll crash into a wall

(You guys have been awesome you have a good night)
