Can you feel the careless in my voice
Can you feel the way that I'm afraid to say
That everything was my fault

Sitting on the brink of a breakthrough
Sitting alone because I can't feel
Because you're not real

And I don't want to hear you scream
And I just want to feel the way you do
When I'm not near you
I don't, and I just want to hear you scream

You'll fly away
Straight into the darkness
And seize the day
It's been there for so long
We'll watch the sun go down
Struggle on behind us
And tonight will be your night

Can you read the crazy in my eyes
Can you read the letter that I sent to you
To let you know now I'm gone

Standing for the fall of a new day
Standing tall because I can't feel
Because you're not real
