She can't take this away from me (she can't take this away)

What I'm trying to find is some peace of mind (mind)

She can't take this away from me (she can't take this away)

You wont break me

Bodies left in darkness

Fill my eyes in contrast

Deadly thoughts surrounding you

Tell me tales of false truths

She's left with just a loaded gun (shes left with just a loaded)

Clutching dignity

I'm hoping they will rescue me

My heart is human

My blood is boiling down (And I thought you knew this was the final cut)

But I'll wait for light to show me out

She can't take this away from me (she can't take this away)

What I'm trying to find is some peace of mind (mind)

She can't take this away from me (she can't take this away)

You wont break me

(no no no)

And I can't find the reason for all my anger (all my anger)

And I'm lost here without you (without you)

(and I just can't find) a place for my head

And I don't have a lot of time

My heart is human

My blood is boiling down (And I thought you knew this is the final cut)

But I'll wait for light to show me out

She can't take this away from me (she can't take this
away)
What I'm trying to find is some peace of mind (mind)
She can't take this away from me (she can't take this
away)
You wont break me!

I'm Done!
I'm Done!
I'm Done!
I'm Done!

She's left with just a loaded gun
(bullet in the chamber she's about to blow it up)
She's left with just a loaded gun
(bullet in the chamber she's about to blow it up)
She's left with just a loaded gun
(bullet in the chamber she's about to blow it up)
She's left with...
She's left with...

I tried to tell you that there's something you should
know

Something you can't do

My heart is human
But my body

She's left with just a loaded gun
She's left with just a loaded gun
She's left with just a loaded Loaded (gun)
