This Is the last time
(That I'm tame in your eyes)
It's not it's not the reason
(Hold your tongue you know we'll be gone next season)
And come tomorrow
(they will never come through)
Don't you ever try (don't you ever)

My winter breaks around my feet
(can't find my way)Can't find my way
I'm lost without you
(lost without you)
Lost without you
(lost without you)

Can you feel my empty cry
Resonate through the endless night
Failing from the water on your (hands)
You pretend I'm not around
(hiding from the lights and sounds)
Failing still and I don't understand (and I don't
understand)

My winter breaks around my feet
(can't find my way)Can't find my way
I'm lost without you
(lost without you)
(lost without you)

The night is taking shape
(The night is taking shape)
Inside my mind
Deep thoughts have shattered love
You gotta bring it back
