If I fall, will you follow?  
For I am down  
If you fall, I will follow,  
Cause I am a part of you

My wounds will bleed,  
From your cutting words.  
Your skin is the void a sanctum of wreckage

My wounds still bleed,  
From your cutting words.

Your skin is the void a sanctum, for my wreckage.

Enlightenment is for martyrs  
And you've built me a monument of light  
A false beacon, where I ll wreck my ship.

The wise sometimes from wisdom ways depart  
Rejection regains its wounds
