All I ever wanted  
Was to find  
The balance of my heart  
Holding on  
To something strong  
Keep faithful  
To what we are  
Hold my hand  
And walk with me through these graves  
And broken crypts of time and age  
Stand by my side  
I'll keep your secrets safe  
I'll tell no one  
That you are gone  
Stand by my side  
I'll keep your secrets safe  
I'll tell no one  
That you are gone  
They look at me with those blaming eyes  
They scream at me with those guilty words  
They judge me for what I am  
I blame them for what they are  
Broken Gods sit on their tombs  
They plot for our doom  
They pull your head to the ground  
They will make your blood run forever  
False Gods lay on their crypts  
Waiting for new false spirits  
All I ever wanted  
Was to find  
The balance of my heart  
Holding on  
To something strong  
Keep faithful  
To what we are  
Broken, dead, defeated  
Regardless of their false hopes  
Broken Gods sit on their tombs  
They plot for our doom  
Broken Gods sit on their tombs  
They plot for our doom
