I've witnessed the rise and fall of my salvation
Envision the ghost of hopes and theories
We promised never to leave behind
We promised never to forget
I'm blind
I can't see the sign imprinted on the sky
That leads my way to heaven
I can't quit these feelings living in my heart
I won't relinquish you ever again
I can't quit these feelings living in my heart
I won't relinquish you ever again
I'm struggling to have you back in my arms
Hopping that we settle back where we were
There was once so much bliss inside
But when trust is not enough love dies forever
Don't ask me to kill you
Don't ask me to forget you
The day I murdered your love
Was the day I died
I can't quit these feelings living in my heart
I won't relinquish you ever again
I can't quit these feelings living in my heart
I won't relinquish you ever again
