This life's covered in lies
Everything he says
Everything he touches, it dies
Beneath the ages of this nation
Sun sets behind god's crucification

Lord give me shelter
Keep me safe
Descend from this life
Enlight my thoughts
Walk the edge of desperation
Climb this tomb
Live again

What I say to you
It's where the path leads to
Follow me, to the end of eternity

What I say to you
It's where the path leads to
Follow me, to the end of eternity

Sorrow took my sight away
The spark of your eyes
It triggers my pain
The forthcoming hope
It belongs to this world
Rising from this grave
Bring us hope

What I say to you
It's where the path leads to
Follow me, to the end of eternity

What I say to you
It's where the path leads to
Follow me, to the end of eternity

What I say to you
It's where the path leads to
Follow me, to the end of eternity

What I say to you
It's where the path leads to
Follow me, to the end of eternity
