I never thought the day would come  
When we'd have to say goodbye  
But now the time has come  
As I wipe the tears from my eyes

Too tired of these lonely nights  
I've somehow lost everything  
That meant anything  
You're ringing in my ears

Haunting in my dreams  
I've tried running but I can't  
Escape from you in my memories

It's what kills me slowly  
You kill me slowly with the way  
I know you won't come back  
I regret everything I said  
The city is so cold tonight  
It's exactly what I feel inside  
I only wish I could ask for  
One more chance

It's what kills me slowly  
You kill me slowly with the way  
I know you won't come back  
I regret everything I said

The city is so cold tonight  
It's exactly what I feel inside

It's what kills me slowly  
You kill me slowly with the way  
I know you won't come back  
I regret everything I said
