Feel me slip away
I can't believe this is the end
Will this be in vain?
Rise from my grave and scream your name

Running away within a chase of destiny
There's no escaping it's grasp
This is the end of my road
Until the dawn of my death

All the things I held close to me
Burn away, and turn to ash

Life was all in vain
I've left my grave
You took me away

This is the end of my road
This is the end of my road
Feel me slip away
I can't believe it's leaving

I'm not afraid
This is my fate
I know there is no way out

Running away within a chase of destiny
There's no escaping it's grasp
This is the end of my road
Until the dawn of my death
Until the dawn, until the dawn of my death

Either way I try,
It's always a fight against time
I'm living in denial
Seems like I've been here for a while

Running away within a chase of destiny
There's no escaping it's grasp
This is the end of my road
Until the dawn of my death
Until the dawn of my, until the dawn of my, until the

dawn of my death
