How can I make you see the prize?  
How can I push you harder?  
How can I lead you in the fight?  
Are you gonna to take it farther?

There's only so much that I can do  
Is it enough to make it through?  
It's not up to me, it's up to  
You can reach for something  
(You can reach for something)

Find what you gotta find  
Just give it a try (you're waking up, you're waking up)  
Find what you gotta find  
Just give it a try (you're waking up, you're waking up)

How can I show you where to go?  
How could I give direction?  
I shouldn't tell you how to grow  
You've got to learn your lessons

There's only so much that I can do  
Is it enough to make it through?  
It's not up to me it's up to  
You can reach for something  
(You can reach for something)

Find what you gotta find  
Just give it a try (you're waking up, you're waking up)  
Find what you gotta find  
Just give it a try (you're waking up, you're waking up)  
You're in the dark so fight it  
You've got a spark so light it  
Find what you gotta find  
Just give it a try (you're waking up, you're waking up)

There's only so much that I can do  
This is up to you!  
How can I raise you with a fight?  
Weren't you gonna take it farther this time?  
You're waking up, you're waking up  
Who's gonna show you where to go?

Find what you gotta find  
Just give it a try (you're waking up, you're waking up)  
Find what you gotta find  
Just give it a try (you're waking up, you're waking up)  
You're in the dark so fight it  
You've got a spark so light it  
Find what you gotta find  
Just give it a try (you're waking up, you're waking up)
