It's times like these  
That we forget about  
Everything  
That you've ever done

You are the barrel between my teeth  
The bloodstains on the sheets  
You're everything I need  
You're everything I need

Tonight's the night  
We'll set this on fire  
Right before your eyes  
This time we'll get it right

Tonight's the night  
We'll set this on fire  
Right before your eyes  
This time we'll get it right

It's days like these  
That we lose all hope (all hope)  
But the best is yet to come  
And I know we're better off  
We're better off alone

Tonight's the night  
We'll set this on fire  
Right before your eyes  
This time we'll get it right

Tonight's the night  
We'll set this on fire  
Right before your eyes  
This time we'll get it right

The nighttime is our time  
The nighttime is our time

Tonight's the night  
We'll set this on fire

Right before your eyes  
This time we'll get it right

Tonight's the night  
We'll set this on fire  
Right before your eyes  
This time we'll get it right
