Our ship is being pummeled  
By the angry waves,  
And there is not an ounce of  
Fear in your voice.  
These dark burning clouds  
Come burn the sky,  
Come burn the sky tonight.  
And there is no man who  
Can sleep through this.  
And there is nowhere,  
Nowhere that I would rather be.  
Keep me close to you;  
You're all I need.

What if I stand here?  
What if I trust you?  
Where is the me I used to know?  
Can you help me find my way?  
Keep me close to you.  
What if I reached out  
And I tried to touch you?  
Would I be buried in the waves?  
I'm taking steps into the water.  
You're all I need.

I'll set all my fear aside,  
I'll focus my eyes,  
I'll focus my eyes to you.

What if I stand here?  
What if I trust you?  
Where is the me I used to know?  
Can you help me find my way?  
Keep me close to you.  
What if I reached out  
And I tried to touch you?  
Would I be buried in the waves?  
I'm taking steps into the water.

Everything I said I'd get now,  
Everything I can't live without.  
Where is the me I used to know?

I can't, I feel...

What if I stand here?  
What if I trust you?  
Where is the me I use to know?  
What if I reached out  
And I tried to touch you,  
To touch you?

What if I stand here?  
What if I trust you?  
Where is the me I used to know?  
What if I reached out  
And I tried to touch you?

I'm taking myself into the water.
