Summoned into this dominion, to be imprisoned
henceforth
A place of unbound dimensions, land of disembodied
souls
Journey into darkness, perpetual horror it looms
Flayed beings await, high, belest, to berefit soul.
Beholding desolate visions, staring dismally,
deformed miscreancies, stream by incessantly,
severed hallucinations, of an impending woe,
frighten impertinently, prelude to liquiseence.
Esurient Flames erupt this soul Consuming corpses as
they
boil
Venturing souls set ablaze, kindle the twilight
enshrouded maze.
Now somber eyes show umbrage. (A flaw for my
dreams)

[Solo: T. Fenech]

Still alive but waiting to die,
My soul strives to eternally lie
Piercing, through flesh to compel,
It's way out of this earthly shell.

[Solo: D. Bugeja]
