[Music: D.Bugeja D.Cachia T.Fenech]

[Words: D.Bugeja M.Scalpello]

Chalice of fire, heed my summons for war  
Defiling false preachers an affliction of gore  
Choke the vapid words of their credulous lore  
So they shall reap the fruit of day no more  
Ancient Gods Your will be undone  
Dominions fall  
Withered forever gone  
Silence she'd upon religious crimes  
Victims tortured in the beloved name of christ  
Martyrdom granted to those who abstain  
Sanctifying the ones who have died in pain  
The lesser ones  
With vengeance I will strike  
Their deftness  
Shall appease my appetite
