[Music: D.Bugeja T.Fenech]

[Words: T.Fenech]

"I close my eyes ... the state of metempsychosis? or
transcendental dream."

Behold!

The realm of sins, metaphysical interlude.

Interdiction of realities, iridescence captivates, visual
stimulation

Flight, over the seas of thought, forging grotesque
imagery, foretaste

Nudity so lewd

Sanguine knowledge of beyond the radiant pool of
thought

[Solo: David]

Deeper travel, prelude to incassate pool

Contact with beings, who are inarticulate, and bear no
sight

Demonic chants, ringing in my ears, luring me to the
misty cool

Incubus ejaculate thoughts into mine

(Halitosis lured me out of light)

[Solo: David]

Vae Victus,

Vae Victus,

Vae Victus

Dissolution of the black dove, panic consciousness

Mandatory knowledge of the mental undead

Malformed dream, malignant plaintiveness

Perpetual lunatic fringe, inquisition of the incubus
draws me in

Vile derision, pixilated metamorphosis, voracious
agnus dei

Mysterious master, origin unknown, rapacious rapine

Must rescind, however spellbound, dei gratia

Behold! Realms of dream, I learn metaphysical
interlude

Prenatural microbe devours networks of the brain

Lactation from my nipples, effeminate eurythmy, am I
insane?
Denizen of the mind, complexity of death, foretaste
nudity so lewd

[Solos: David, Omar]

"O ye sons and daughters of mildewed minds close my
eyes death in my sleep"
