I,
Scream out your name to the night,
Scream out your name to the night,

I,
Scream out your name to the night,
Scream out your name to the night,

Wake me up,
I feel this fire,
Burning through my veins and causing pain tonight.
So light the match
And brand this tragedy
Into skin for posterity
Light the match for payment tonight,
Light the match to char my life as

I,
(don't look back now don't look now tonight)
Scream out your name to the night,
(after all I wasn't the one who started this fight)
Scream out your name to the night.

I,
(don't look back now don't look now tonight)
Scream out your name to the night,
(after all I wasn't the one who started this fight)
Scream out your name to the night.

Just run for your life,
Make sure you save yourself,
Just save yourself,

(don't look back now, don't look back now tonight)
Just run for your life,
(don't look back now, don't look back now tonight)
Make sure your don't look back,
Just run until your (safe),

I, hear you scream out,
The end for you is fast approaching

I just want to (die)
I, hear you scream out,
The end for you is fast approaching
