Jesus christ, whores child, the impotent king.
Descent from the heavens to us
And we shall again lift you up on the cross
And pierce your filthy flesh with the golddest nails

Look at the gods bastard son as he is hanging on the
cross doing
That only thing he can. Listen as he is crying like a child
as we cut open
His chest with the black steel
And let that red urine run out from the stinking corpse.

Jesus christ withdraw your second coming
For your presence fills my heart with disgust.
This time you can't but fail as your destiny's been
sealed.
Everlasting death, christ forever die!

I denied Jesus christ
I denied holy trinity
I denied the book of lies
Christ Forever die!
