"The Cure"

To all of you sexual deviants that have perversely lost
your way
To all of you with loved ones that have been immorally
led astray
Fear no more, have faith in us, gods soldiers are here
to appease
We'll save you from immorality by helping to rid you of
this horrid disease
Bring the gays, the lesbians and bisexuals- we've got
the cure
Bring the queers, the transsexuals, and
transgendereds- we've got the cure
Bring the sinful, bring the immoral, bring the sick-
we've got the cure
Change your ways, ignore your instincts, repress your
feelings- sin no more
This disease can now be treated with god's help these
sinners can be cured
And traditional Christian gender roles can be forcibly
restored
But just like with alcoholics, all of our efforts can't
succeed
If they'd rather live in denial and refuse to get the help
they need
Bring the gays, the lesbians and bisexuals- we've got
the cure
Bring the queers, the transsexuals, and
transgendereds- we've got the cure
Bring the sinful, bring the immoral, bring the sick-
we've got the cure
Change your ways, ignore your instincts, repress your
feelings- sin no more
People are not born this way like these gay rights
activists suggest
We've conducted our own "impartial" studies and have
determined that we're correct
It's an unnatural, corrupt behavior that threatens
spirituality and health
We can cure these sexual deviants if they're willing to
help themselves
Bring the gays, the lesbians and bisexuals- we've got

the cure
Bring the queers, the transsexuals, and
transgendereds- we've got the cure
Bring the sinful, bring the immoral, bring the sick-
we've got the cure
Change your ways, ignore your instincts, repress your
feelings- sin no more
